Dear Sir,

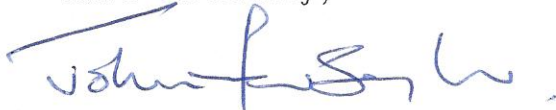

SCEPTRE - STERN SECTION

I refer to the letter from James Pickup, Sceptre Preservation Society, in the December issue of Classic Boat, and also to my telephone conversation with yourself.

The sawn off section of Sceptre's stern is lying in a shed in the grounds of Ballathie House Hotel, Nr. Stanley, Perth. I have spoken to Eric Maxwell's widow, Flora Maxwell, who says that she would be happy to see the Sceptre Preservation Society take the stern section.

Would you please relay this message to James Pickup and tell him that I can be contacted at the above address.

Yours faithfully,

J.G. Forsyth
